

R E M A R K S

In the Office Action dated March 16, 2006, claim 1 was rejected based on the prior art, and claims 2-4 were objected to, and were stated to be allowable if rewritten in independent form.

In response, the subject matter of claim 2 has been embodied in independent claim 1, and claim 2 has been cancelled. An editorial change has been made in claim 3 in view of the cancellation of claim 2.

In view of the indicated allowability of the subject matter of claim 2, all claims of the application are now submitted to be in condition for allowance. The present Amendment does not raise any new issues requiring further searching or consideration, and entry thereof following the final rejection is therefore proper, and the same is respectfully requested.
